Dear [Redacted]:

STAT

This is in response to your letter dated November 10, 1982 to the Director of Central Intelligence regarding your concept for the use of Geophones.

Your letter has been circulated and read by our experts who are familiar with the capabilities of geophones. It is their opinion that your concept is most interesting; however, it is information of which they are aware.

Thank you for sharing your ideas with us. It is most appreciated. Best wishes for the coming New Year.

Sincerely,

STAT
